Engr. Usama Riaz

Founder & CEO, SunGlobal

Is a distinguished leader in the field of solar technologies, boasting a remarkable career spanning over twelve years, since 2013. With a solid educational foundation including an MS and BSc in Electrical Engineering, along with specialized training in solar technologies, Usama possesses a wealth of expertise in renewable energy solutions. Since 2022, he has been at the helm of SunGlobal, driving innovation and delivering cutting-edge solar solutions to a prestigious clientele that includes renowned organizations such as USAID, ICIACKZONOBLE, University of Engineering and Technology, Lahore, Kalashah Kako Campus, **Nishat Mills** and **Rafhan Maize**. Usama's visionary leadership and unwavering dedication to excellence continue to propel SunGlobal towards unprecedented success, making it a trailblazer in the solar and EV industry.

OVERVIEW

Interactive System & Services is a leading provider of solar solutions in Pakistan, offering high-quality and cost-effective solar panel systems, energy storage solutions, and consulting services to residential, commercial, and industrial customers throughout the country. With a commitment to sustainability and a passion for renewable energy, we are dedicated to delivering exceptional value to our customers while contributing for the growth of the renewable energy industry of Pakistan.

MissionStatement

Interactive System & Services is dedicated to providing high-quality solar solutions that are accessible, affordable, and sustainable. We believe that solar power is the key to a cleaner, more secure energy future, and we are committed to delivering exceptional value to our customers while contributing to the growth of the renewable energy industry in Pakistan and beyond..

History

Interactive System & Services was founded in 2005 by Nouman Saeed with a passion for renewable energy. Since then, we have established ourselves as a leading provider of solar solutions in Pakistan, with a proven track record of delivering reliable and cost-effective systems to a wide range of customers.

Product&Services

Solar System, Solar Batteries, Solar Inverters and Solar water pumps

WHAT WE OFFER

TRADE

**RESIDENTIAL
COMMERCIAL
INDUSTRIAL**

SERVICES

We design and install custom solar panel systems for homes, businesses, and industrial facilities of all sizes. Our systems are optimized for maximum energy production and efficiency, and we use only high-quality components that are proven to perform in Pakistan's harsh climate conditions.

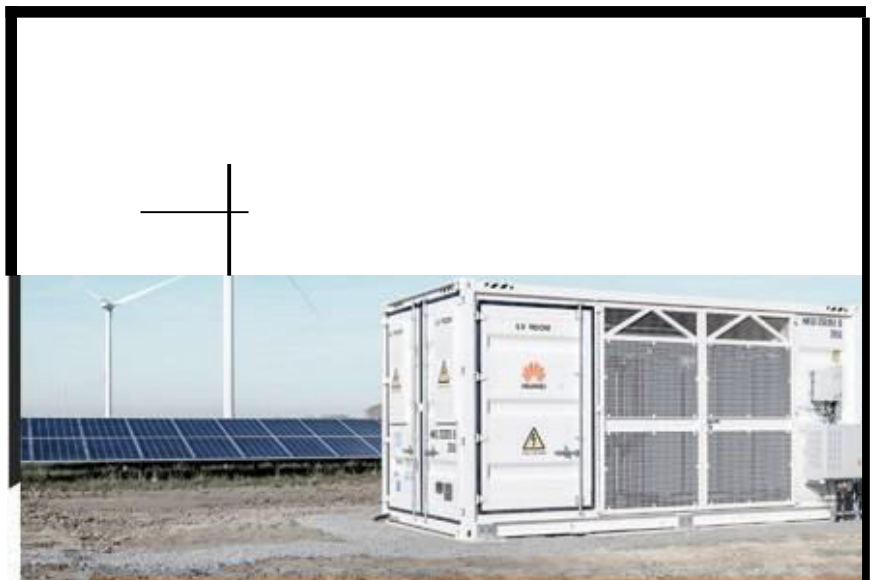

Solar WATER PUMPS

We offer solar-powered water pumps for agriculture, irrigation, and other applications, providing a sustainable and cost-effective alternative to traditional diesel or electric pumps.

EnergyStorage SOLUTIONS

- We provide battery backup systems and other energy storage solutions to help customers get the most out of their solar systems and minimize their reliance on grid power.

Solar CONSULTING

Our team of experts can provide consulting services to help customers determine the best solar solutions for their needs, including feasibility studies, financial analysis, and system design.

SolarPanels& INVERTERS TRADING

We provide nationwide A-Grade premium solar inverters and solar panels.

SOME OF OUR PROJECTS

Sun Global serves customers throughout Pakistan, with a focus on rural and off-grid communities, as well as commercial and industrial customers seeking to reduce their energy costs and environmental impact. We are committed to expanding access to solar power in Pakistan and promoting the growth of the renewable energy industry in the country.

1MW SOLAR SYSTEM

Solar Panel: Astro Energy

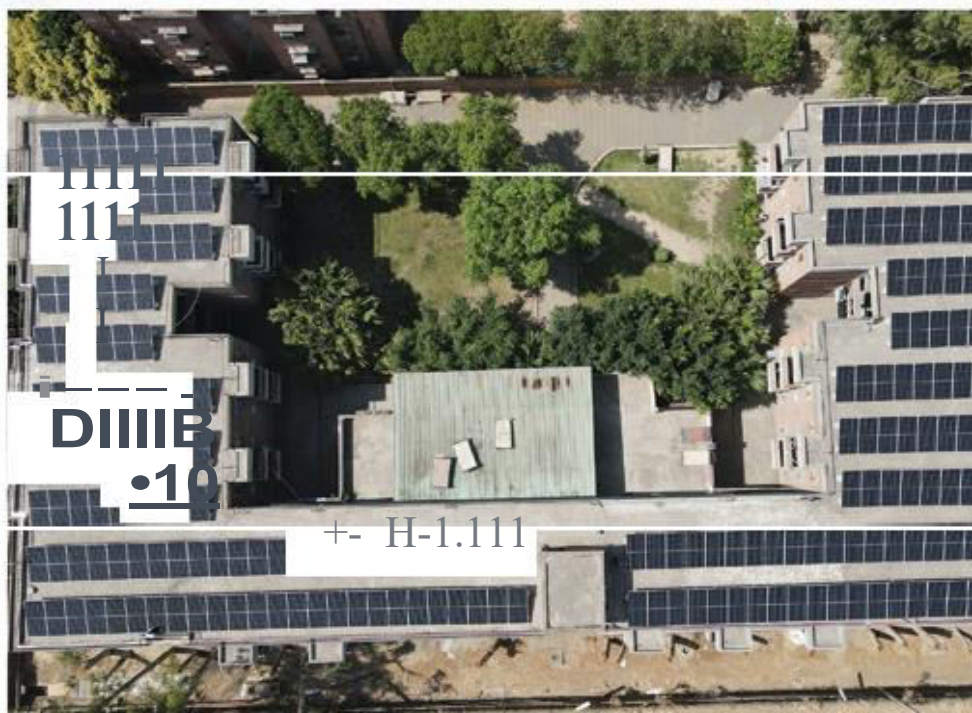

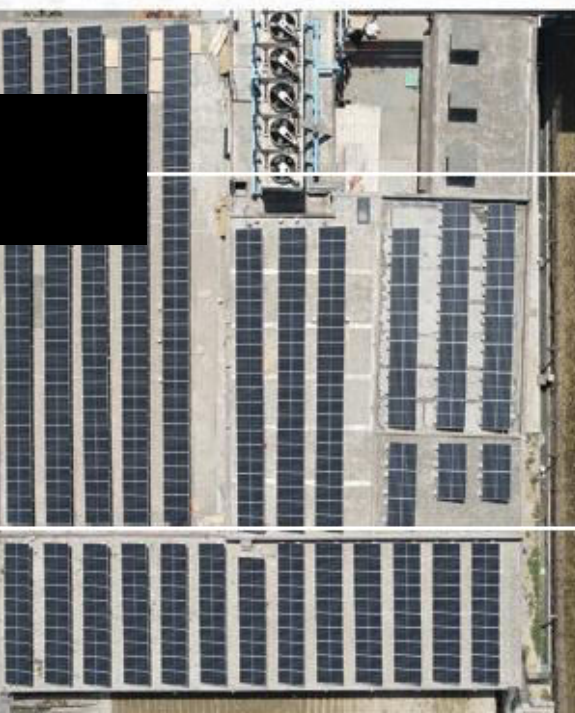

Solar inverter: 115KTL Huawei ON Grid Inverter

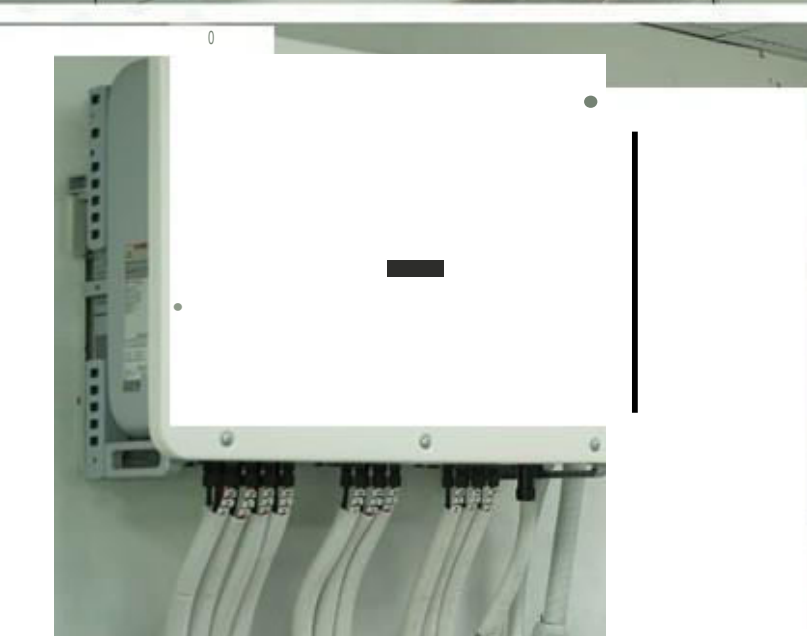

Structure: Aluminium clamps for corrugated roof top

Annual Saving: 55,000,000 to 56,000,000 PKR

Location: Industrial state Sheikhpura

PROJECT DETAIL

Structure:

Galvanized Powder Coated 2mm C Channel &
Special Aluminium Z Channel 5mm

Civilwork:

Pre-Concrete Block 1 Cubic Feet

Solar Panels:

Longi X6 585 Watt

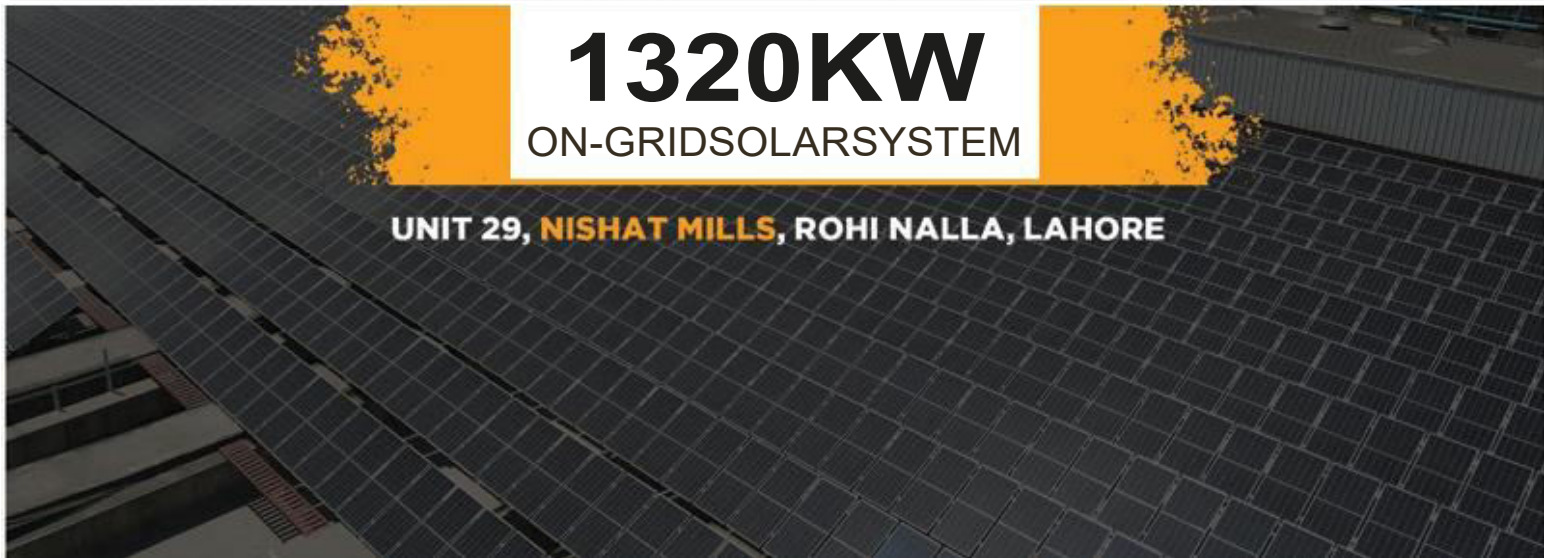

Solar Inverter:

11SKWHuawei ON-Grid Inverter

Annual Saving:

92,000,000 ~ 97,387,000 Pkr

PROJECT DETAIL

Structure:

Galvanized Powder Coated 2mm CChannel
& Special Aluminium ZChannel 5mm

Civilwork:

PreConcrete Block 1 Cubic Feet

Solar Panels:

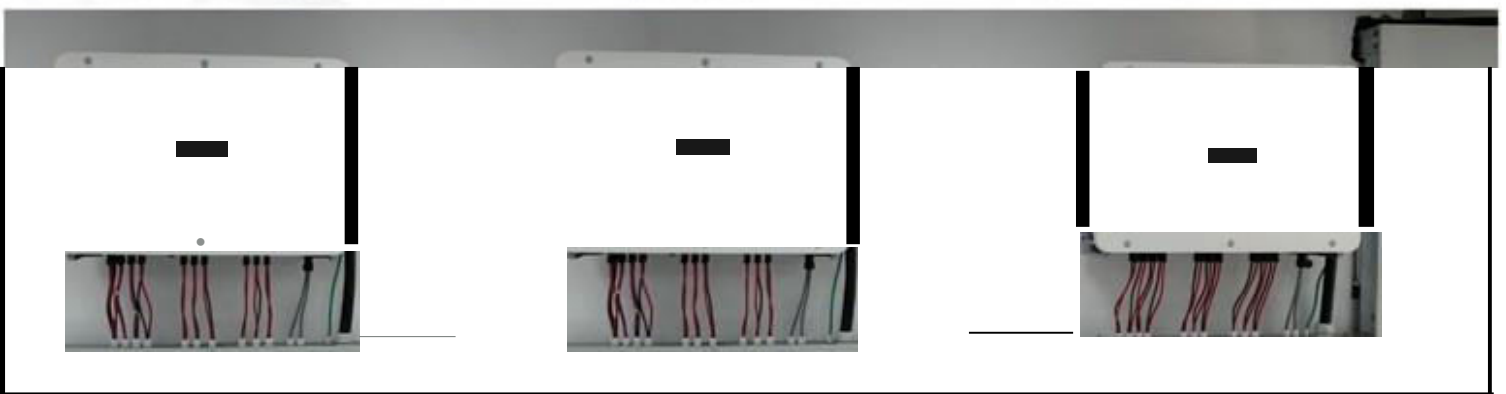

Longi HiMo X5 Solar 585W

Solar Inverter:

115KW Huawei LONGi Grid Inverter

Annual Saving:

81,000,000-82,387,000 pkr
